B. Requested Personal Claims History (PCH) Information

The enclosed PCH is an extract of a computer record of OHIP claims that the ministry maintains for billing and accounting purposes. The claims listed in your PCH reflect billing information submitted by provider(s) to the ministry, based on the health number the provider(s) gave the ministry. *It is not a description of the actual services you received from the provider(s). To obtain a record of the services provided to you by specific provider(s), please contact the provider(s) directly.*

In some instances, listed claims may have been submitted in error, or may not meet all of the criteria for OHIP payment as set out in the *Health Insurance Act* and regulations. Some claims may have subsequently been adjusted or denied.
